

Scarborough Maine Lions Club

Since 1948

TEST, 2004

Sample Newsletter

Here's your test newsletter, and Bill's picture. The bear is Gully the Travel bear (named after Bruce Gullifer of Scarborough Community Services). They have four of these bears to go traveling anywhere with anyone who would like to take them along. Gully was just returning from California and Disneyland, before we took him to the Virgin Islands and the Bahamas with us. This waitress in Fort Lauderdale was only too happy to pose with our cute little bear.

I am sending this test along, but I think it would be just as easy for all of you to go to the website (www.scarboroughmaine.com) and get the newsletter out of our Lions newsletter archives.

I will see you at the meeting Thursday. Kay
